

KETTERING TOWN COUNCIL

REPORT FOR DECISION

Item No:- 21/146

Committee:-	Council
Date:-	23 rd March 2022
Author:-	Martin Hammond, Clerk
Report Title:-	Wards Initiatives Fund
Wards Affected:-	ALL

1. Purpose of Report

To seek approval for the governance and rules for the Ward Initiatives Fund

2. Recommendations

Council is recommended by the Finance and Governance Committee to approve the Ward Initiatives Policy and guidelines as set out below and in Appendices One and Two to this report.

3. Information

- 3.1. The Council's budget and plans for 2022/23 includes a number of headings which anticipate investment in the local community through grant making, and these are set out in the earlier report on the small grants report.
- 3.2. This report addresses the ward initiatives fund but here are potential overlaps with the other headings listed in the earlier report, and a particular relationship with the small grants policy, as set out in 3.3. below.
- 3.3. There is £10,000 in total, for members to allocate to groups or projects within their ward, or which benefit the whole town, or groups of wards. Each member will be allocated £500 at the start of each year. They should either spend or commit the money by the 31st December in that year. Any monies which are not committed by that date will be transferred to the small grants budget, to be used as a third funding round from January to March. This addresses one of the weaknesses of the ward initiatives funds

operated by Kettering Borough Council in the past in that monies could go unspent for years without in some cases any prospect of them being usefully used, whilst other parts of the area could have profitably used those funds.

- 3.4. Members may pool their contribution, either within a ward, or between wards.
- 3.7. In the year immediately before a whole Council election, (the next one being 24/25) all the monies will have to be spent or abandoned by 1st January. No new fund can be drawn down in the relevant financial year until after whole Council elections have taken place. Where there is a bye-election, the monies cannot be used between the date of resignation of a member and the date of any election, in any way which affects the ward where the bye-election takes place. Unspent monies left by a departing member can be inherited by their successor.
- 3.8. The proposed guidelines, as agreed by Finance and Governance Committee, are set out in full in Appendix One, and Appendix Two captures the rules in a single leaflet for the benefit of members and the wider public. Following comments at F & G Cttee, some tweaks have been made to some aspects of the rules, which essentially are those applied previously by Kettering Borough Council .

4. Consultation and Engagement

- 4.1. None – this is a pre-existing scheme which has been adapted to suit the Town Council's circumstances.

5. Finance, Legal and Resource Implications

- 5.1. A total of £10,000 exists in the budget for this.
- 5.2. Certain legal restrictions will apply to the use of the members' initiatives fund, around election law primarily, and these are reflected in the draft rules.
- 5.3. Administering this funding stream can be accommodated within the clerk's time.

6. Policy Implications

- 6.1. NNC has also introduced a member empowerment scheme for 22/23.

APPENDIX ONE

FINANCE AND GOVERNANCE COMMITTEE ITEM FC21/077 24TH FEBRUARY 2022

SMALL GRANTS POLICY

1. INTRODUCTION

- 1.1. The purpose of this policy is to govern the making of grants to local groups and organisations for the benefit of the community of Kettering Town.
- 1.2. The Council is committed to distributing available funding fairly, efficiently and effectively. This policy outlines the Council's approach to Small Grant making to support community activities. These awards can be made to Community and Voluntary Organisations, Registered Charities, Charitable Incorporated Organisations, (CIOs) and to other bodies or individuals.
- 1.3. Funding awards are made at the discretion of the Council and will be dependent on the availability of the level of funding which is determined in the annual budget. Activities funded must be consistent with the strategic aims, objectives and priorities of the Council. All funding applications will be determined on their objective merits. No organisation is entitled to funding because it may have been granted funding in the past or for any other reason. The Council must ensure proper, prudent and effective use of public money; and eligibility for grants is aligned with specified criteria. This allows the Council to focus on supporting organisations to achieve their best and to meet clearly identified needs.
- 1.4. The Council will aim to keep the process straightforward, transparent and accessible.

2. ALIGNMENT WITH TOWN COUNCIL POLICIES

- 2.1. The Council's corporate plan sets out its objectives and policies. This grants policy has therefore identified the following categories of spending that the Council wishes to support, and against which it will invite bids from groups or, in rare cases, individuals.

Economic development – supporting sustainable growth; support for the town centre through encouraging and delivering events and markets, or making the town centre safe, attractive, interesting and varied.

Health and Community- measures to improve physical and mental health wellbeing, particularly in the light of the impacts of covid 19.

Armed Forces – initiatives which support the objectives of the Armed Forces Covenant

Sustainability – measures which encourage and supporting sustainable habits and opportunities including widening the scope and opportunities for recycling, and bio-diversity, optimising sustainable methods of travel, and which protect, restore and enhance our local biodiversity

Community resilience – measures which support volunteering, community involvement, neighbourhood and community led activities; enable voluntary youth action and the

development of services for young people; prevent homelessness, improve social mobility , tackle inequality; and promote social inclusion

Sporting or artistic excellence – supporting individuals whose sporting or artistic prowess can be fostered through financial support for training, equipment, travel or performances. Applicants will need to be supported by a sporting or artistic organisation with whom they are affiliated.

Twinning activities which promote international understanding, provide cultural learning opportunities and which engage the wider community including young people and those with limited life experience.

2.2. Applications should demonstrate that funding will be used to support these priorities.

2.3. We invite applications which. • target resources to meet identified needs; • maximise leverage (for example match funding); • maximise sustainability (economic, environmental and social); • achieve greater accountability and openness

3. WHO CAN APPLY

3.1. Charities, CIOs, community and voluntary groups, clubs, individuals, and not for profit organisations eligible to apply for funding. School Parent Teacher Associations, Friends of groups, religious bodies and health charities can apply for funding which evidence programmes or projects that benefit the wider community. Individuals can only be supported where they can demonstrate sporting or artistic benefit.

3.2. Applications will not be accepted from private businesses, for-profit organisations where funding would contravene local government Subsidy Control or any other legislation, Statutory bodies and Religious bodies where the money will be used primarily for religious purposes or religious buildings or facilities.

3.3. Advice on completing the application forms will be available from the Voluntary Sector Network. Forms will be available through the Council's website or on request from the clerk. The Council will endeavour to advertise the availability of grants as widely as possible, including through the local Voluntary Sector Network.

3.4. Subsequent applications from the same organisation will not be entertained until the previous ones have been determined.

- 5.6. The Council gives no undertaking that grant funding under this scheme will be available in future financial years.
- 5.7. If an application is unsuccessful there is no right of appeal

6. DATA PROTECTION

6.1. A Data Protection Impact Assessment (DPIA) is a process to help identify and minimise the data protection risks of a project. The council is required to undertake a DPIA for processing that is likely to result in a high risk to individuals.

6.2. The council has considered the data protection implications of processing community grants. This processing is compliant with the provisions in the Data Protection Act 2018 and the UK General Data Protection Regulations (UK GDPR). The council has considered the data protection implications of processing.
